Dr. Muhammad Ali Naim
Director, LCPS

Director's Vision

Pharmacy is one of the most trusted and noble profession and remains one of the most fascinating fields in the sciences. During the last few years due to phenomenal growth and advancement of science and technology, including Pharmacology, concept of pharmacy has drastically changed in recent times and today pharmacist is closely involved as one the most important member, working hard in glove in majority of the health delivery system along with pharmaceutical industry.

Our Institute during the years of its existence since 1997, by Dr. Naim Anwar Muzaffar (Late), has always been one of the leading institutes in pharmacy field. His guiding philosophy about the institute, throughout, has been creation of knowledge, influencing a Pharmaceutical field that integrates nationally. The objectives of imparting education, combined with creation, dissemination and application of knowledge, are being met in an integrated form, to create a synergistic impact.

I am immensely glad to announce that i myself is the graduate of this college as well and our institution is the right destination for the students who desire to build their career in Pharmaceutical industry. The college believes in overall development of the students to meet the corporate need as well as help them to serve the nation in their field of choice. The Institute has a long-standing history providing leadership in interpreting and disseminating research results to policymakers and the public.

Workshop on, "WordPress"

Organized by CS Department, LCPS

WordPress Workshop on 27th February , Lahore College Of Pharmaceutical Sciences

Lahore College of Pharmaceutical Sciences (LCPS) organized an engaging and practical WordPress Workshop on 27th February aimed at equipping students with essential web development skills using one of the world's most popular content management systems.

The workshop introduced participants to the basics of website creation, theme customization, plugin integration, and content management using WordPress. It was designed to provide hands-on experience for beginners while also offering valuable insights for those with prior knowledge. The session was well-received, with attendees expressing enthusiasm and appreciation for the opportunity to gain practical knowledge outside the traditional classroom setting. The LCPS administration praised the initiative, emphasizing the importance of digital literacy and encouraging more such skill-based learning events in the future.

MoU with “Fitwell Hub”

INFO

Lahore College of Pharmaceutical Sciences (LCPS) proudly signed a Memorandum of Understanding (MoU) with FitWell Hub, marking the beginning of a strategic partnership focused on promoting health, wellness, and physical fitness among students.

This MoU is a step forward in LCPS's mission to provide students with enriching opportunities that extend beyond the classroom. It aims to simplify healthcare by connecting patients with healthcare providers through technology-driven solutions, ensuring convenient, efficient, and quality care under one healthcare ecosystem.

MOU Sign with Fitwell Hub

ABOUT FITWELL HUB

Fitwell Hub Lahore is a modern healthcare platform designed to provide integrated and accessible medical services through a combination of smart clinics, telehealth, digital health records, diagnostics, pharmacy services, and specialist consultations.

The MoU outlines collaborative efforts to integrate structured fitness programs, wellness workshops, and expert-led training sessions into the LCPS curriculum. Through this partnership, students will gain access to professional guidance on physical health, nutrition, mental well-being, and lifestyle management—key pillars of holistic development.
